Re: Final Site Plan – Initial Submission
Elevated Storage Tank – Tidewater Utilities, Inc. – Ocean View District
Town of Millville, Baltimore Hundred,
Sussex County, Delaware
Project No. TUI01-02

Dear Ms. Botchie:

Enclosed, please find 3 sets of the Final Site Plan for your review and approval along with the approvals from the Delaware State Fire Marshal's Office, FAA, the Office of Drinking Water, and the Sussex Conservation District. DelDOT has consented to permitting the Roxana Road entrance as a small commercial entrance which would be a "Permit for Entrance Construction." Therefore, Mr. Kirsch, South District Entrance Permits Supervisor, has provided the enclosed email Letter of No Objection to the Town issuing Final Site Plan approval. Following your review, please send any final comments you may have. Once the plans have final approval, we will place signed hard copies in the mail to be stamped by the Town.

Should you have any questions regarding this submission, please call the office.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Robert J. Palmer'.
